2025 GT World Challenge Europe powered by AWS

Barcelona

10 – 12 October 2025

Race Director Communication No. 1

1. CLARIFICATION REGARDING PRE-QUALIFYING

- 1.1. As per article 31.1, refuelling is not permitted.
- 1.2. As per article 33.2, the following works are permitted:
 - Cleaning the window
 - Checking the tyre pressures
 - Visual checks of tyres and brakes
 - Adding fluids (except fuel)
 - Downloading of data
 - Removal of dirt or grass from the radiator or repairs to the car without tools
- 1.3. As per article 34.3, tyre markings may be carried out before the cars take to the track under the orders of the marshals.
- 1.4. As per article 123.1, only set S7 must be used.
- 1.5. As per article 135.4.2, please see the list for the requirements to be followed.

Niels Wittich

Race Director
