

From: The Technical Delegate Report N° 08
To : The Stewards of the Meeting

After the **Race** we have checked the following elements on cars:

777, # 88 in SRO center

- Bop Weight car
- Restrictor seals
- Aero
- Engine settings in general
- BOP Height
- Tyres
- And any other element that may deem necessary

The Cars comply with current homologation file and BOP decisions.

On cars # 98, # 998, # 71 we have checked the splitter

The cars comply with the homologation passport GT3 053 (BMW M4) and 056 (Ferrari 296)

Series Technical Delegate.
