

From The Stewards of the Meeting
To: All Competitors
All Officials

Bulletin N° 4

Date: 28 September 2023
Time: 10.30hrs

The Stewards notify all competitors and officials of the following:

Re: Article 46.9b) Wave-By – Cars running out of fuel

Cars running out of fuel which make an 'Emergency Stop' to add fuel during the Wave-By procedure are limited to a maximum fuel nozzle connection time of 5.0 seconds.

Any car which adds fuel during the Wave-By procedure and where the fuel nozzle is connected for more than 5.0 seconds will not be deemed to be making an Emergency Stop and will be considered to be in breach of this Article.

For the avoidance of doubt, any car making an Emergency Stop with a fuel nozzle connection time within the 5.0 second maximum will still incur a 30 second time penalty.
