<b>From:</b>	The Stewards	<b>Date:</b>	06 June 2024
<b>To:</b>	LIQUI MOLY Team Engstler	<b>Time:</b>	16:25 hrs

The Stewards have received a petition from LIQUI MOLY Team Engstler for them to review, in accordance with Article 14.1.1 of the FIA International Sporting Code, the following decision made by them at the 2024 Fanatec GT Challenge Europe powered by AWS competition held at Misano.

Decision No.: 21                      Competitor: LIQUI MOLY Team Engstler                      Penalty: 500€ Fine

The Stewards, having examined the new video evidences provided, summoned and heard the competitor's representative(s), determine the following:

**Decision:** There is a significant and relevant new element which was unavailable to the parties seeking the review at the time of the decision concerned.

**Reason:** After Race 2, the Stewards received a report from the Pit Lane Manager expressing that there were no images available in the SD Card of the pit gantry camera from car #6. After examining the card briefly, it was possible to state that there were a huge amount of videos, with the newest file timed at 19:33. As Race 2 was scheduled at 21:00, the Stewards understood that there was no recording of it. After reviewing the new evidences sent with the petition for review, and hear from the Team on the 28<sup>th</sup> of May on an online meeting, it was possible to see a video from Race 2, inclusively where was shown the incident that led to Decision 20. Based on that, the Stewards agree that there is a significant and relevant new evidence regarding Decision 21. Therefore, the Petition for Review is admissible and founded and the fee should be refunded. The Stewards will reanalyse the incident with the new evidences and issue a new Decision.

Competitors are reminded that, in accordance with Article 14.3 of the FIA International Sporting Code, this decision is not subject to appeal.
