Parc Fermé

After completing their laps and in lap, all cars will be in parc fermé in the F1 pit lane, lining up in the working lane and according to the instructions of the marshals in front of garages 1 - 10. All cars will be scrutineered. The pit garage entry area and refuelling rig of each Superpole car will be in parc fermé conditions as soon as the car has finished its run; this does not affect any support series teams who are allocated to that area for their race.

Media Obligations

The driver on pole position is required to attend the ROWE Pole Position Award ceremony in front of the Scrutineering garage, followed by the Pole press conference in the media centre immediately afterwards.
