The Nürburgring 1927 GmbH & Co. KG and the organizer actively protect the environment throughout all areas of their respective organizations. They also expect the participants and all concerned to comply with environmental protection. Adherence to all current legal requirements regarding the environment is a basis for business. This applies in particular to regulations on waste disposal, protection of the ground and water and protection from emissions. Any party not adhering to these regulations is damaging the reputation of motor sport in public. The current requirements set down by the Nürburgring 1927 GmbH & Co. KG in the notice „Notes for environmental protection“ are binding.

Current environmental stipulations as set down by the DMSB and the Race Course (Nürburgring) will be enclosed with the confirmation of entry. These stipulations must be adhered to.

c) Fuel-Filling

It is not allowed to store more than 200 liters of fuel in one box at any time.

While filling up the car in the box it is mandatory to use a drip pan to absorb potentially dripping fuel.
